

PIPINGS LH

Our piping system LORANDI LH® is the ideal solution for the realization of conveying systems.

They offer a great versatility thanks to the ample range of accessories.

Our production is composed by Ø 100 – Ø 160 – Ø 200 – Ø 210 – Ø 270.

The material is entirely built in galvanized plate or stainless steel AISI 304, with the possibility of sound-proof covering for the noise or ceramic covering anti-wear.
